clination of Protestant as well as Catholic getting so good a Treasurer, or Tom for his ministers to insist upon the religious training of pupils in the public schools, a proposition fraught with far more danger to the free-school system of America than any other that can possibly be imagined. The parents A Good Appointment. Governor Hoyt of the school children of this country, and has appointed our old friend and contempo- en route from Ehrenberg to this place, mostthose who pay the taxes that maintain the rary T. J. Butler, Treasurer of Arizona. No ly teams of Miller Bros. schools, are of every class and of all man itualist, the Atheist, the Deist and the Free-Thinker. These all have equal rights in the (Cal.) Enterprise. direction of the expenditure of the school moneys their labor has produced, and as no doubtedly judges the "confounded polities" teacher or set of teachers can be supposed by his own, which are all one sided and not to possess the faculty of teaching all these the right kind. various religious or anti-religious beliefs to the children of those who respectively entertain them, it seems preposterous to think of making the public schools proselyting institutions for the various churches. That parents and guardians have a right and that it is their duty to instruct and have their children instructed in matters of religion will not be denied, but that the public schools are the proper institutions in which to have them thus instructed is clearly an

Our school laws are careful to provide against irreligious teaching. The teachers, under the law, must be men and women of good moral character; men and women whose example, as gentlemen and ladies, it is proper and profitable for boys and girls to consequence of the dry weather. emulate and imitate in order to fit themselves for the amenities as well as the sterner and more important duties of either areing religion itself, the public school teacher ed back for home on Sait River. is going beyond his or her duties, and infringing on the prerogatives of the family, the Sunday-school, the theological school and the church.

All agree upon the necessity of teaching the common branches of secular education, and as all alike pay the taxes that support the public schools, it seems just and right that they should be taught in these schools. But as all disagree in matters of religious belief, and each would have his or her child taught a different doctrine, and as teachers are not supposed to be so versatile in their orthodox opinions as to be able to teach true Catholicism to one, and true Calvinism or Lutherism to another; to cordination and Sunday-school teachers of the churches to had but little rain. which they severally belong.
